RE: Work Plan Addendum, September 2005
BNSF Libby Railyard Biotite Removal, Libby, MT

Dear Mr. Christiansen,

EMR, Inc. (EMR) on behalf of the BNSF Railway Company (BNSF) is pleased to provide you with this copy of the Work Plan Addendum, September 2005. This Work Plan Addendum has been prepared to address two grids on the south side of the yard which were inadvertently omitted from the 2004 excavation Work Plan.

If this work plan is acceptable, EMR and BNSF will choose a contractor and coordinate field activities with Ms. Churchill and/or Ms. Jaycocks. A signature page was included in the text for approvals.

Thank you for your assistance with this project. Please feel free to call Mr. David Smith of BNSF at 406-447-2307 or myself at 763-277-5200 with any questions or comments regarding this document.

Sincerely
EMR, Inc.
